

LUC STRYDOM | BOSUN

As an experienced Bosun/Lead deckhand, I am extremely eager to move into my next opportunity on board a private or charter motor yacht. I am a very persistent, hard working, goal orientated leader who maintains a very positive attitude throughout all experiences and challenges. Having dealt with diverse nationality guests and owners, I have grown very comfortable and is confident with guest interaction. Due to experience on different vessels with alternate cruising areas, I have solidified operations of all tenders. I have proficient knowledge of the product and the expected maintenance procedures.
